

LOWER MACUNGIE TOWNSHIP PARK MEMORIAL PROGRAM

Lower Macungie Township's (LMT) Park Memorial Program will allow the dedication of trees, engraved plaques, and park benches (or any combination of these) in Township parks.

How it works:

An application form is available at the township's office (3400 Brookside Road) or website (www.lowermac.com), and should be submitted to the township's office. Applications are accepted yearlong, with tree plantings being done in the spring and fall.

The township reserves the right to approve or deny any application.

Applicants should submit four possible sites for their memorials, listed in an order of priority, as not all sites may be appropriate. The LMT Public Works Department shall choose the site of the memorial from the list provided and shall be reviewed by the Park and Recreation Board. Once the memorial site plan is approved, full payment must be received before ground may be broken. Plaques and benches will be installed as soon as weather and work schedules permit after receipt of the items.

The person, group or cause to be memorialized will be evaluated by the Board for appropriateness and must be approved by a majority vote. The Board will also take into consideration how the proposed memorial will impact public safety and aesthetics of Township parks.

Public Works will do the necessary excavation, installation, and planting, and will be responsible for future maintenance. Any tree that dies within a year of its planting will be replaced by the township, and any that dies after more than a year will be replaced at the township's discretion. The township will repair damaged plaques and benches. If replacement is needed, that will be done at the township's discretion when older than two years.

Who qualifies?

Individuals to be memorialized should be of good reputation, must be current on all LMT taxes, and must be approved by a majority vote of the Board. Please note that individuals may be subject to background screening by the State Police.

Groups and causes must be non-political, unless otherwise approved by a majority vote of the Board.

LOWER MACUNGIE TOWNSHIP PARK MEMORIAL PROGRAM

How much does it cost?

The memorial itself may be selected from the following options*:

- A) Park Tree Memorial only starts at..... \$ 250
- B) Tree and engraved plaque start at..... \$ 500
- C) Bench only start at..... \$ 1850
- D) Tree, plaque, and bench start at..... \$ 2350

*Prices are subject to change without prior notification.

The cost of tree memorials will vary according to the tree selected and are subject to market fluctuations. Recommended tree species may be obtained from the Cornell University Urban Horticulture Institute *Recommended Urban Trees* list** though final approval must be made by Public Works. The coordination of tree memorials should be handled by the Director of Planning and Community Development.

Benches are made from granite; concrete benches are also available at approximately half the cost of granite. Benches will be installed on 3 ft. by 6 ft. concrete pads for stability and easier turf maintenance.

Plaques are made from granite; brass plaques may also be selected at market rates.
